Last year, there were 1015 Worldwide Knit in Public Day events in 57 countries. The count is up to 46 countries so far this year with India joining for the first time ever! Not to fret, there are many more countries in the queue, the admins just have to get to them. [CLICK HERE TO GO TO THE FLYING NEEDLES FACEBOOK EVENT](#).

World Wide Knit in Public Day was started in 2005 by Danielle Landes as a way for knitters to come together and enjoy each other's company. Knitting is such a solitary act that it's easy to knit alone somewhere and sink into your work without thinking about all the other knitters out there. This day was set to get out of your house and go to a local event (with your knitting in tow) just for you and people like you.
